

## **Material Safety Data Sheet**

---

### **Ampicillin Powder**

**Catalog # 400-130P**

---

#### **Section I: Product Identification**

**Product Name:**

Ampicillin Powder

**Catalog Number:**

400-130P

#### **Section II: Composition/Ingredients**

Ampicillin sodium salt

#### **Section III: Health Hazard Data**

**Hazardous Components:**

**Toxicity:**

Harmful. Do not swallow or inhale product. Do not use product near food or drink or while smoking.

**Target Organs/Systems:**

Blood. Avoid contact with skin and eyes. May irritate the upper respiratory tract and mucous membranes. Avoid breathing dust.

**Effects of Overexposure:**

Sensitization may occur. May be harmful to unborn children. Might trigger an allergic reaction.

**First Aid Procedures:**

If product gets into eyes, open eyelids with fingers and flush eyes with copious amounts of water for at least 15 minutes. If product gets on skin, wash the skin with soap and copious amounts of water for at least 15 minutes. If swallowed and person is conscious, rinse mouth with water, consult a health care provider. If product is inhaled, get to fresh air. If there is any difficulty in breathing, seek medical attention. If there is any irritation, consult a health care provider.

## Section IV: Physical Data

### Appearance:

White to off-white crystalline powder

### Density:

N/A

### Boiling Point:

N/A

### Specific Gravity:

N/A

### Vapor Density:

N/A

### Vapor Pressure:

N/A

### Evaporation rate:

N/A

### H<sub>2</sub>O Solubility:

N/A

## Section V: Reactivity Data

### Stability:

Stable

### Conditions or Materials to Avoid:

Oxidizing agents. Avoid moisture.

### Hazardous Polymerization:

To our knowledge, will not occur.

## Section VI: Fire & Explosion Hazard Data

### Flammability:

Nonflammable

### Flash Point:

N/A

### Flammable Limits:

N/A

### Extinguishing Media:

Use appropriate media for the surrounding fire. Carbon dioxide, dry chemical powder, appropriate foam or water spray

### Hazardous Combustion or Decomposition Products:

Nitrogen oxides, carbon dioxide, sulfur oxides, carbon monoxide.

### Special Fire Fighting Procedures:

Wear self-contained breathing apparatus and protective clothing.

## Section VII: Spill or Leak Procedures

### In the event of a spill or leak:

Wear suitable protective clothing including a dust mask or self contained respirator, rubber boots, chemical resistant rubber/latex gloves and goggles. Sweep up material. Put into a closed container for waste disposal. Ventilate area. Clean spill area thoroughly after material is picked up. Contact a licensed professional waste disposal service to dispose of this material.

**Disposal:**

Abide by all local, state and federal regulations regarding waste disposal.

**Section VIII: Handling & Storage Precautions****Handling:**

Avoid inhalation, contact with clothing, skin and eyes. Avoid repeated or prolonged exposure. Mechanical exhaust required. Wear appropriate approved respirator.

**Eye/Skin Protection:**

Wear suitable protective clothing, safety glasses with side shields and latex/rubber gloves are recommended.

**Storage:**

Store refrigerated at 2 to 8 °C

**Section IX: Special Precautions & Comments****Intended Use for Product:**

For laboratory research use only. Not intended for human, clinical or diagnostic use.

**Section X: Disclaimer**
