Material Safety Data Sheet

Human Amniotic Fluid
Catalog # 100-340

Section I: Product Identification
Product Name:
  Human Amniotic Fluid
Catalog Number:
  100-340

Section II: Composition/Ingredients
  Human Amniotic Fluid

Section III: Health Hazard Data
Hazardous Components:
  Biohazard contains human source material. Handle as though capable of transmitting infectious agents.
Toxicity:
  Not Established.
Target Organs/Systems:
  Product could possibly irritate the skin, eyes and respiratory system. Do not ingest this product.
Effects of Overexposure:
  Not Established
First Aid Procedures:
  If product gets into eyes, open eyelids with fingers and flush eyes with copious amounts of water for at least 15 minutes. If product gets on skin, wash the skin with soap and copious amounts of water. If swallowed and person is conscious, rinse mouth with water, consult a health care provider. If product is inhaled, get to fresh air. If there is any difficulty in breathing, seek medical attention. If there is any irritation, consult a health care provider.
Section IV: Physical Data
Appearance:
   Straw colored liquid
Density:
   N/A
Boiling Point:
   N/A
Specific Gravity:
   N/A
Vapor Density:
   N/A
Vapor Pressure:
   N/A
Evaporation rate:
   N/A
H₂O Solubility:
   N/A

Section V: Reactivity Data
Stability:
   Stable
Conditions or Materials to Avoid:
   Strong oxidizing agents
Hazardous Polymerization:
   To our knowledge will not occur.

Section VI: Fire & Explosion Hazard Data
Flammability:
   Nonflammable
Flash Point:
   N/A
Flammable Limits:
   N/A
Extinguishing Media:
   Use appropriate media for the surrounding fire. Carbon dioxide, dry chemical powder, appropriate foam or water spray.
Hazardous Combustion or Decomposition Products:
   No known hazardous combustion or decomposition products
Special Fire Fighting Procedures:
   None. Although as in any fire, self-contained breathing apparatus and protective clothing may be required.

Date created: 07/25/2007
Section VII: Spill or Leak Procedures

In the event of a spill or leak:
Wear suitable protective clothing, including chemical resistant latex gloves. Use absorbent material such as vermiculite or sand to absorb spill. Put into a closed container for waste disposal. Clean spill area thoroughly with a 10% bleach solution. Ventilate area after clean up. Contact a licensed professional waste disposal service to dispose of this material.

Disposal:
Abide by all local, state and federal regulations regarding infectious waste disposal.

Section VIII: Handling & Storage Precautions

Handling:
Avoid inhalation, contact with clothing, skin and eyes. Handle as though capable of transmitting infectious agents.

Eye/Skin Protection:
Wear suitable protective clothing, safety glasses with side shields and chemical resistant latex/rubber gloves are recommended.

Storage:
Store frozen at -20 to -10°C.

Section IX: Special Precautions & Comments

Intended Use for Product:
For laboratory research use only. Not intended for human, clinical or diagnostic use.

Section X: Disclaimer
The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. Gemini Bio-Products shall not be held liable for any damage resulting from handling or from contact with the above product.
