

Certificate of Origin

El Salvador

Fetal Bovine Serum

Expiration Date: April 2019

Lot Number: A30E00F

This is to certify that the raw bovine serum used to manufacture Fetal Bovine Serum, Lot Number A30E00F, was collected from abattoirs regulated by the United States Department of Agriculture from cattle of El Salvador origin.

Furthermore, the maternal animals from which the blood was derived received ante-mortem and post-mortem inspections at the time of slaughter under a veterinarian's supervision and appeared free of infectious and contagious diseases and injurious parasites.

None of Gemini Bio-Products' products contain or are derived from specified risk materials defined in Commission decision 97/534/EC.*

*Specified risk material as defined by the EC include: a) The skull, including the brain and eyes, tonsils and spinal cord of bovine animals aged over 12 months and of bovine and caprine animals which are aged over 12 months or have a permanent incisor tooth erupted through the gum; b) The spleens of bovine and caprine animals.
