

GEMINI
BIO-PRODUCTS

Certificate of Origin

United States of America

FetalPlex™ Serum

Expiration Date: October 2022

Lot Number: J82J00J

This is to certify that the raw bovine serum used to manufacture FetalPlex™ Serum, Lot Number J82J00J, was collected from government regulated abattoirs from cattle of United States origin.

Furthermore, the maternal animals from which the blood was derived received ante-mortem and post-mortem inspections at the time of slaughter under a veterinarian's supervision and appeared free of infectious and contagious diseases and injurious parasites.

None of Gemini Bio-Products' products contain or are derived from specified risk materials defined in Commission decision 97/534/EC.*

*Specified risk material as defined by the EC include: a) The skull, including the brain and eyes, tonsils and spinal cord of bovine animals aged over 12 months and of bovine and caprine animals which are aged over 12 months or have a permanent incisor tooth erupted through the gum; b) The spleens of bovine and caprine animals.
